

Product description

1. Linkage structure design, and equipment, connector connection, reserved micro-bend to remain unchanged;
2. Double V groove structure design, high stability and reliability of fiber connection;
3. Core structure: adopt the normally closed flexible locking structure, excellent optical performance;
4. Applied to 2.0mm × 3.0mm & 2.0mm × 1.6mm drop cable;
5. Easy to operate, fast to assemble, high success rate, long time of using, easy maintenance.

Technical data:

Item	Unit	UPC	APC
Insertion Loss	dB	≤0.25	≤0.3
Return Loss	dB	≥50	≥55
Tensile strength	N/2min	> 30	
Work temperature	℃	-40~+85	
Repeatability	dB	≤0.2	
Repeated assembly	times	≥10	
Mate-demate	times	≥500	
Cable type	mm	2.0×3.0 & 2.0×1.6 drop cable	
Product dimension	mm	52×9×8.1
